5 Selection, Adoption, and Removal of Curricular Materials

6

7 Curriculum committees will generally be responsible for recommending textbooks and major
8 instructional materials for consideration by the Board for curricular materials that are not
9 covered by the State curriculum materials committee. Recommendations will be made to the
10 Superintendent with a final decision being made by the Board. The function of the committee is
11 to ensure that materials are selected in conformance with stated criteria and established District
12 goals and objectives. Committee membership will be reported to the Board.
